□ Employment Practices Compliance Program: Please visit the MEL webpage to review all the elements of the MEL's EPL Compliance Program. Please note the deadline to complete the program requirements has been extended to November 1, 2021.

Matt Giacobbe and Fred Semrau held a 2nd webinar on March 12, 2021 to provide members with an overview of the revised Model Personnel Manual and Employee Handbook. Both webinars have been posted to the MEL webpage for information and reference.

The program includes several training components members need to complete, which may be met through the following:

Managers & Supervisors – This year, the Managers & Supervisors Training can be met by attending the Instructor-led webinar "Protecting Children From Abuse – Managers/Supervisors". This course for managers includes an Employment Practices component. Attached on Page 3 you will find a copy of a notice distributed to members from J.A. Montgomery on classes scheduled through September.

In addition, the Fund Attorney's office will schedule virtual sessions via Zoom (or similar online platform) as an additional resource.

- Police Chief & Command Staff J.A. Montgomery has secured a date of June 15, 2021 in Collingswood for this training. A notice was emailed to members on Monday, April 30th with instructions to register. (Page 4)
- Non-Supervisory Personnel Online course titled *Building a Safety Workplace: Anti-Harassment and Discrimination* has been developed and is available on the MEL website.

MSI LIVE Guidelines:

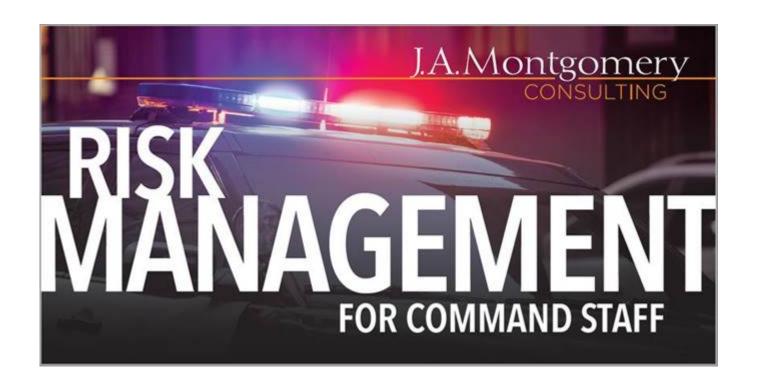

To maintain the integrity of the virtual training and our ability to offer CEUs, J.A. Montgomery Consulting must abide by the rules of the State agency who issued the designation. Chief among those rules is the attendee of the class must attend the whole session. Attendees who enter the class more than 5 minutes late or leave early will not be awarded CEUs for the class or receive a certificate of completion.

About Zoom Training:

- A Zoom account is not needed to altend a class. Attendees can login and view the presentations from a laptop, smartphone, or tablet.
- Registration is required. Once registered you will receive the link for your class, be sure to save the link on your calendar to access the day of training.
- Students must be present in the class within 5 minutes of the start time for their attendance to be recorded in their learning histories.
- Group attendance is recorded in the learning histories of those present by the Administrators of the MSI and NJCE. Sign-in sheets should be submitted within 24 hours.

RE: Marijuana Legislation and Effects on the Workplace

You have asked our firm, on behalf of the Municipal Excess Liability Joint Insurance Fund ("MEL"), for guidance on legislation recently passed and signed into law by the New Jersey Legislature and Governor Murphy decriminalizing and regulating the use of recreational marijuana in New Jersey, and its effect on municipal employers in New Jersey.

BACKGROUND

On February 22, 2021, Governor Phil Murphy signed a series of bills into law that legalize and regulate marijuana in the State of New Jersey. P.L.2021, c.16 (A21), known as the New Jersey Cannabis Regulatory, Enforcement, Assistance and Marketplace Modernization Act (the "Cannabis Act" or "Act") allows for the purchase, possession, and sale of one ounce of marijuana/cannabis. P.L.2021, c.19 (A1897) addresses the removal or reduction of criminal penalties for possession and transfer of certain amounts of marijuana. Lastly, P.L.2021.c.25 (S3454), and subsequent amendments (P.L.2021, c.38/A5472), dispense with criminal penalties or fines for the possession or use of marijuana by those under the age of 21. In light of these new laws, on February 22, 2021 Attorney General Gurbir S. Grewal issued Directive No. 2021-1, which instructs state, county, and municipal prosecutors to dismiss charges pending as of February 22, 2021 for any marijuana offense that is no longer illegal under New Jersey law.

The Cannabis Act also includes numerous provisions applicable to the area of employment, including the establishment of procedures for employer drug testing, nondiscrimination rules for marijuana users, and clarification that employers do not have any duty to accommodate marijuana use in the workplace.

EMPLOYMENT PRACTICE CONSIDERATIONS

1. Hiring and Drug Testing.

Specifically, the Cannabis Act provides that employers shall not refuse to hire any person or take any adverse employment action against any employee because that individual does or does not use cannabis, and may not take adverse action against an employee solely due to the presence of marijuana in the employee's body. N.J.S.A. 24:6I-52(a)(1). However, employers may still require an employee to undergo a drug test upon reasonable suspicion of an employee's usage of a cannabis item while engaged in the performance of the employee's work responsibilities, or upon finding any observable signs of intoxication related to usage of a cannabis item or following a work-related accident subject to investigation by the employer. Id.

In addition, the law provides that a drug test may be done randomly, as part of a preemployment screening or regular screening of current employees to determine use during an employee's prescribed work hours. <u>Id.</u> Although the law mentions drug tests being completed as part of a pre-employment screening, nothing in the law indicates that an applicant can be denied employment solely based on a positive pre-employment drug test result for marijuana usage. Please note that Constitutional concerns dictate that public employers continue conducting only suspicionless drug testing – including random drug testing, pre-employment screening and current employee screening – on certain employees, such as those in safety-sensitive positions. <u>See N.J. Transit PBA Local 304 v. N.J. Transit Corp.</u>, 151 N.J. 531 (1997) (to avoid violating the Fourth Amendment and the New Jersey Constitution, the government must have a special need substantial enough to override an employee's privacy interest against suspicionless drug tests).

The Cannabis Act also requires that the drug testing process performed by the employer for the presence of marijuana must include both a scientifically reliable drug test, such as the testing of blood, urine, or saliva, and a "physical evaluation in order to determine an employee's state of impairment." <u>Id.</u> Such physical evaluation must be conducted by a Workplace Impairment Recognition Expert, which is an individual certified "to opine on the employee's state of impairment, or lack thereof," related to the usage of marijuana. <u>N.J.S.A.</u> 24:6I-52(a)(1)-(2)(a). The standards for such certification will be set by the Cannabis Regulatory Commission, in consultation with the Police Training Commission. <u>Id.</u>

Employers may use the results of the drug test – which must include both the traditional drug test and the physical evaluation conducted by the Workplace Impairment Recognition Expert – to determine the appropriate adverse employment action. <u>N.J.S.A.</u> 24:61-52(a)(1).

2. Cannabis in the Workplace

The Cannabis Act clarifies that employers are not prohibited from maintaining a drug and alcohol-free workplace or from having policies prohibiting the use of cannabis or intoxication by employees during work hours, and there is nothing in the law that requires an employer to permit or accommodate the use or possession of marijuana in the workplace. N.J.S.A. 24:6I-52(b)(1). In addition, if any of the provisions in the Cannabis Act would result

in an adverse impact on an employer subject to the requirements of a federal contract, then the employer may revise their prohibitions consistent with federal law and regulations. <u>Id.</u>

Further, the Act is not intended: to allow anyone to drive under the influence of cannabis; to permit any person to possess, consume, use, display, transfer, distribute, sell, transport, or grow or manufacture cannabis in a school, hospital, detention facility, adult correctional facility, or youth correctional facility; or to permit the smoking, vaping, or aerosolizing of cannabis items in any place that any other law prohibits the smoking of tobacco. N.J.S.A. 24:6I-52(b).

Notably, the employment provisions contained in the Act are effective immediately, but do not become operative until the New Jersey Cannabis Regulatory Commission's adoption of initial rules and regulations within 180 days of the bill becoming law, or August 21, 2021.

The decriminalization law also limits employer inquiries into an applicant's marijuanarelated criminal history. Specifically, this law provides in relevant part: that employers are not permitted to "when making an employment decision, rely solely on, or require any applicant to disclose or reveal, or take any adverse action against any applicant for employment solely on the basis of" any arrest, charge, or conviction for certain types of cannabis offenses. This prohibition does not apply to positions in law enforcement, corrections, the judiciary, homeland security, or emergency management. Employers that violate this provision are subject to civil penalties in an amount up to \$1,000 for the first violation, \$5,000 for the second violation, and \$10,000 for each subsequent violation.

3. CDL Holders

Despite the legalization of recreational marijuana use in New Jersey, it is our opinion that employees whose positions require the possession of a commercial driver's license ("CDL") must still refrain from marijuana use, since any use by safety-sensitive employees holding a CDL is prohibited under the Department of Transportation ("DOT") regulations.

Federally, marijuana is still classified as a Schedule I controlled substance pursuant to the Controlled Substances Act. 21 U.S.C. § 812; See Gonzales v. Raich, 545 U.S. 1, 14 (2005) (holding that by classifying marijuana as a Schedule I drug instead of listing it on a lesser schedule, the manufacture, distribution, or possession of marijuana became a criminal offense).

Therefore, while recreational marijuana use is now decriminalized under New Jersey law, any form of use is still unlawful pursuant to Federal law. See Coats v. Dish Network, LLC, 350 P.3d 849 (Colo. 2015) (holding that an activity such as medical marijuana use that is unlawful under Federal law is not a "lawful" activity under the Colorado lawful activities statute, which makes it an unfair labor practice to discharge an employee based on the employee's lawful outside-of-work activities); Emerald Steel Fabricators, Inc. v. Bureau of Labor and Industries, 348 Or. 159, 174 (2010) (holding that because Schedule I controlled substances lack any accepted medical use, Federal law prohibits all use of those drugs with the sole exception being use of Schedule I drugs as part of a Food and Drug Administration preapproved research project).

The DOT has issued guidance that is directly applicable to this analysis. With respect to "Recreational Marijuana," the Director of the Office of the Secretary of Transportation issued the following Office of Drug and Alcohol Policy and Compliance Notice:

Recently, some states passed initiatives to permit use of marijuana for socalled "recreational" purposes.

We have had several inquiries about whether these state initiatives will have an impact upon the Department of Transportation's longstanding regulation about the use of marijuana by safety-sensitive transportation employees . . .

We want to make it perfectly clear that the state initiatives will have no bearing on the Department of Transportation's regulated drug testing program. The Department of Transportation's Drug and Alcohol Testing Regulation – 49 CFR Part 40 – does not authorize the use of Schedule I drugs, including marijuana, for any reason.

Therefore, Medical Review Officers (MROs) will not verify a drug test as negative based upon learning that the employee used "recreational marijuana" when states have passed "recreational marijuana" initiatives.

We also firmly reiterate that an MRO will not verify a drug test negative based upon information that a physician recommended that the employee use "medical marijuana" when states have passed "medical marijuana" initiatives.

It is important to note that marijuana remains a drug listed in Schedule I of the Controlled Substances Act. It remains unacceptable for any safety-sensitive employee subject to drug testing under the Department of Transportation's drug testing regulations to use marijuana.

We want to assure the traveling public that our transportation system is the safest it can possibly be.

Furthermore, 49 C.F.R. § 391.41 (Physical qualifications for drivers) states in pertinent part:

- (b) A person is physically qualified to drive a commercial motor vehicle if that person—
- (12)(i) Does not use any drug or substance . . . Schedule I, an amphetamine, a narcotic, or other habit-forming drug.
- (ii) Does not use any non-Schedule I drug or substance . . . except when the use is prescribed by a licensed medical practitioner . . . who is familiar with the driver's medical history and has advised the driver that the substance will not adversely affect the driver's ability to safely operate a commercial motor vehicle.

Accordingly, the DOT guidance and regulation plainly prohibits CDL license holders that choose to consume recreational marijuana from performing their safety-sensitive responsibilities. The recreational marijuana law also does not supersede necessary drug testing of such individuals.

4. Police Officers and Firefighters.

Similar to CDL holders, despite the legalization of recreational marijuana use off-duty, it is our interpretation of the law that police officers must still refrain from marijuana use because federal law prohibits users of a controlled substance, such as marijuana, from lawfully possessing a firearm.

Marijuana is classified as a Schedule I controlled substance pursuant to the Controlled Substances Act. 21 U.S.C. § 812. While recreational marijuana use is now decriminalized under New Jersey law, any form of use is clearly unlawful pursuant to Federal law. See Coats v. Dish Network, LLC, and Emerald Steel Fabricators, Inc. v. Bureau of Labor and Industries, supra.

One crucial concern is that one of the indisputable essential job functions of a police officer is to lawfully possess and use a firearm. See Jackson v. City of Chicago, 414 F.3d 806, 814 (7th Cir. 2005) (ruling that it is clear that being able to carry a firearm safely is an essential function of the police officer position). A marijuana user cannot legally possess a firearm pursuant to the following law:

18 U.S.C. § 1922 Unlawful acts

(g) It shall be unlawful for any person—

(3) who is an unlawful user of or addicted to any controlled substance (as defined in section 102 of the Controlled Substances Act (21 U.S.C. 802))

to ship or transport in interstate or foreign commerce, or <u>possess in or affecting commerce</u>, any <u>firearm or ammunition</u>; or to receive any firearm or ammunition which has been shipped or transported in interstate or foreign commerce.

27 C.F.R. § 478.11 defines an "unlawful user of or addicted to any controlled substance" as follows:

A person who uses a controlled substance and has lost the power of self-control with reference to the use of controlled substance; and any person who is a current user of a controlled substance in a manner other than as prescribed by a licensed physician. Such use is not limited to the use of drugs on a particular day, or within a matter of days or weeks before, but rather that the unlawful use has occurred recently enough to indicate that the individual is actively engaged in such conduct. A person may be an unlawful current user of a controlled substance even though the substance is not being used

at the precise time the person seeks to acquire a firearm or receives or possesses a firearm.

On September 21, 2011, the Assistant Director of the Bureau of Alcohol, Tobacco, Firearms and Explosives ("ATF") wrote the following (in pertinent part) in a document entitled "OPEN LETTER TO ALL FEDERAL FIREARMS LICENSEES":

A number of States have passed legislation allowing under State law the use or possession of marijuana for medicinal purposes, and some of these States issue a card authorizing the holder to use or possess marijuana under State law. During a firearms transaction, a potential transferee may advise you that he or she is a user of medical marijuana, or present a medical marijuana card as identification or proof of residency.

As you know, Federal law, 18 U.S.C. § 922(g)(3), prohibits any person who is an "unlawful user of or addicted to any controlled substance (as defined in section 102 of the Controlled Substances Act (21 U.S.C. 802))" from shipping, transporting, receiving or possessing firearms or ammunition. Marijuana is listed in the Controlled Substances Act as a Schedule I controlled substance, and there are no exceptions in Federal law for marijuana purportedly used for medicinal purposes, even if such use is sanctioned by State law. Further, Federal law, 18 U.S.C. § 922(d)(3), makes it unlawful for any person to sell or otherwise dispose of any firearm or ammunition to any person knowing or having reasonable cause to believe that such person is an unlawful user of or addicted to a controlled substance. As provided by 27 C.F.R. § 478.11, "an inference of current use may be drawn from evidence of a recent use or possession of a controlled substance or a pattern of use or possession that reasonably covers the present time."

Therefore, any person who uses or is addicted to marijuana, regardless of whether his or her State has passed legislation authorizing marijuana use for medicinal purposes, is an unlawful user of or addicted to a controlled substance, and is prohibited by Federal law from possessing firearms or ammunition. Such persons should answer "yes" to question 11.e. on ATF Form 4473 (August 2008), Firearms Transaction Record, and you may not transfer firearms or ammunition to them. Further, if you are aware that the potential transferee is in possession of a card authorizing the possession and use of marijuana under State law, then you have "reasonable cause to believe" that the person is an unlawful user of a controlled substance. As such, you may not transfer firearms or ammunition to the person, even if the person answered "no" to question 11.e. on ATF Form 4473.

The ATF's September 21, 2011 correspondence shows that it is likely impossible for a police department to condone marijuana use (for any reason) without violating Federal law. As the above demonstrates that it is unlawful for a marijuana user to possess a firearm,

it is reasonable for a municipality to prevent its police officers from marijuana use during offduty hours.

Another argument against off-duty usage of marijuana by police officers relates to the special importance placed on the position of a police officer, as compared to other public employment positions. A police department is a paramilitary organization that requires lawful orders to be followed. In Akridge v. Barnes, 122 N.J. Super. 476 (App. Div. 1973), cert. denied, 420 U.S. 966 (1975), the Appellate Division noted that members of a police department in many respects constitute a military organization, and as such are necessarily subject to reasonable regulations having to do with discipline and morale. The law is clear that police officers are required to comply with all laws, and must refrain from any conduct that may tarnish their respectable image to the public. The Appellate Division has explained this position as follows:

It must be recognized that a police officer is a special kind of public employee. His primary duty is to enforce and uphold the law. He carries a service revolver on his person and is constantly called upon to exercise tact, restraint and good judgment in his relationship with the public. He represents law and order to the citizenry and must present an image of personal integrity and dependability in order to have the respect of the public.

Moorestown Twp. v. Armstrong, 89 N.J. Super. 560 (App. Div. 1965), cert. denied, 47 N.J. 80 (1966).

An argument can be made that it would be undignified for a law enforcement officer to consume recreational marijuana when it violates Federal law, and such activity could tarnish a police officer's image by members of the public if they become aware of the officer's use.

Notably, police officers and firefighters may also be ordered to report to work at any time if needed. In an appeal of a firefighter's dismissal, the Appellate Division discussed off-duty alcohol and drug use and concluded:

[t]he employer is not required to assume – or hope – that the employee will limit alcohol and other drug consumption to off-duty hours, or that the effect of the drugs will be dissipated by the time the work day begins. Moreover, a firefighter is subject to being called to duty when needed, anytime of the day or night. A firefighter under the influence of drugs cannot do the job.

In re Cahill, 245 N.J. Super. 397, 401 (App. Div. 1991) (emphasis added).

Police officers and firefighters may conceivably attempt to report to work in an inebriated state if the employer condoned the use of marijuana during off-duty hours, which would jeopardize both the employee's safety and the safety of the public, and potentially subject the employer to extensive liability. Accordingly, it may be reasonable for public entities to continue precluding its police officers and firefighters from using marijuana during off-duty hours.

The new law passed in New Jersey provides, in relevant part:

b. Nothing in P.L.2021, c. 16 (C.24:6I-31 et al.):

(1)(a) Requires an employer to amend or repeal, or affect, restrict or preempt the rights and obligations of employers to maintain a drug- and alcohol-free workplace or require an employer to permit or accommodate the use, consumption, being under the influence, possession, transfer, display, transportation, sale, or growth of cannabis or cannabis items in the workplace, or to affect the ability of employers to have policies prohibiting use of cannabis items or intoxication by employees during work hours;

N.J.S.A. 24:6I-52(b) (emphasis added).

Due to the nature of a police officer and firefighter's job position and the need to be on-call and ready to report to duty at any time, having a policy permitting off-duty recreational marijuana use for these employees may potentially "affect the ability" of employers to prohibit someone's use of marijuana during work hours.

CONCLUSION

This memo is an overview of legal considerations and we urge Administrations and elected officials to consult with their legal counsel.

We anticipate that many of these issues may be addressed and clarified when the New Jersey Cannabis Regulatory Commission implements the required rules and regulations by August 21, 2021. If you have any further questions, comments or concerns, please do not hesitate to contact us.

ADDRESSING THE PUBLIC HEALTH CRISIS

Over a year has passed since the beginning of the pandemic. The MEL and its 19 affiliated joint insurance funds immediately went into action to help members meet this crisis.

CLAIMS

MEL members have reported \$20 million in COVID-19 related Workers Compensation claims. This will not impact member budgets because the cost will be paid by a combination of excess insurance and surplus.

MEMBER MUNICIPAL DE BONDS The Governor's Office requested the MEL to help solve the municipal bond crisis that emerged at the beginning of the pandemic. Within a week, the MEL Joint Cash Management and Investment Pool started purchasing debt securities issued by member municipalities and authorities – \$135 million to date. The MEL's quick response stabilized this market.

SAFETY

When classroom safety training was suspended, the MEL offered its programs on line.

As a results, attendance at safety courses actually increased 16%. In 2020, the accident rate was reduced 20% and the MEL reported the lowest accident rate since it started to keep records 30 years ago.

CYBER

The pandemic increased local government vulnerability to cyber attack. To address this issue, the MEL released an enhanced Cyber Risk Management program that is available on its website.

COVID RESOURCE CENTER Many additional questions have arisen concerning COVID related safety and personnel procedures. The MEL Fund Attorney and Safety Director drafted numerous model policies and procedures that were placed on the MEL website.

E-JIF Continues to Defend its Members in Passaic River II Litigation

NEW JERSEY MUNICIPAL ENVIRONMENTAL RISK MANAGEMENT FUND

In 1995, thirteen JIFs affiliated with the MEL created E-JIF – the New Jersey Municipal Environmental Risk Management Fund. Since then, E-JIF has saved the taxpayers millions.

E-JIF provides the broadest pollution coverage available from any source to its 393 member local governments. Commercial insurers and many JIFs do not cover superfund pollution liability.

An excellent example of how E-JIF benefits its members is its response to ongoing litigation related to chemical plant pollution in Passaic and Essex Counties. Of special concern is dioxin used to manufacture Agent Orange during the Viet Nam war. Because of tidal movement, dioxin has also contaminated various areas of the river and the NJ/NY harbor.

In 2005, the New Jersey DEP sued Occidental Chemical to pay for the clean-up. Occidental then countersued numerous municipalities alleging that municipal storm water and discharge from sanitary processing plants contributed to the contamination. 32 of these municipalities are E-JIF members.

E-JIF took the following actions to protect its members:

- Saved over \$5 million in legal fees by retaining only three attorneys who each represented ten or eleven members.
- Settled the case on behalf of the 32 affected members for just over \$2 million.
- Paid the \$50,000 policy limit for each member along with defense costs of the settlement.
- Hired an archivist to identify prior insurers who paid most of the remaining settlement share of the members.

PLEASE NOTE:

THE FEDERAL
GOVERNMENT HAS
RECENTLY REOPENED
THE LITIGATION.

The E-JIF is committed to continue taking the actions necessary to defend its members.

THE POWER OF COLLABORATION

njejif.org

The MEL Cyber Task Force is proud to present Version 2 of its Cyber Risk Management Program.

Version 2 does not change many previously present items in Tiers 1 or 2, but offers more clarity and adds a Tier 3 for full deductible reimbursement. PLEASE NOTE, any members already in compliance with either Tier 1 or Tier 2 prior to March 8, 2021 will have their compliance grandfathered until January 1, 2022. As always, you must be in compliance with the tiers at the time of the claim in order to be eligible for reimbursement; review the Deductible Reimbursement Application for details.

Following are the most notable changes in Version 2 of the Cyber RMP you should be aware of. Please review all details of the Cyber RMP to ensure you meet compliance.

Cyber Awareness Training (Tier 1)

Training of one (1) hour must occur on an annual basis, versus the bi-annual basis required in the old RMP.

Password Strength (Tier 1)

√ This requirement has been moved from Tier 2 to Tier 1, and a Password Policy is required to be adopted.

Email Warning Label (Tier 1)

An automatic email warning label must be added to all emails coming from outside your organization.

Government Cyber Memberships (Tier 1)

√ This is a new requirement whereby the member will have to register with NJCCIC and MS-ISAC.

System & Event Logging (Tiers 2 & 3)

This is a new requirement whereby logs should be applied throughout your network (Tier 2) and reviewed regularly (Tier 3).

Remote Access (Tiers 2 & 3)

This is a new requirement where Virtual Private Network (VPN) will be required for all remote access (Tier 2) and Multi-Factor Authentication is deployed (Tier 3).

Banking Controls (Tier 2)

This is a new requirement whereby the member will deploy certain controls to ensure safe banking.

IT Business Continuity Plan (Tier 2)

This is a new requirement whereby the member will have to create a continuity plan for Information Technology. This should be a part of the Continuity of Government plan.

Tier 3

 Tier 3 is our enhanced security tier, requiring practices like network segmentation, Multi-Factor Authentication (MFA), vendor security audit and password integrity checks.

Email sent to fund commissioners and risk managers

As you have heard at your local JIF meetings and at the MEL retreat, the MEL Cyber Task Force has released version 2 of the MEL Cyber Risk Management Program. The updated program offers more details and clarifies many previously existing items, while also slightly rearranging the tiers and adding a few new security measures. Most significantly, a tier 3 has been added containing additional security controls.

The memorandum included in your local agendas describes the changes from version 1 to version 2, and a copy of such can be found here: https://njmel.org/wp-content/uploads/2021/03/Memorandum MEL-Cyber-RMP-v2.pdf.

All things Cyber can be found on the MEL's Cyber webpage: https://njmel.org/mel-safety-institute/resource-center/public-officials/public-officials-cyber-risk-control/

In particular, version 2 of the Cyber Risk Management Program can be found here: https://njmel.org/wp-content/uploads/2021/03/MEL-Cyber-Risk-Management-Program-v2.pdf

Important Reminder:

□ Reimbursements

The following amounts are what will be reimbursed to the member by the MEL if found to be in compliance at the time of the claim.

Year	Member	Reimbursement				
	Deductible	Tier 1	Tier 2	Tier 3		
2021	\$25,000	\$20,000	\$22,500	\$25,000		
2022	\$25,000	\$10,000	\$20,000	\$25,000		

☐ Reimbursement Policy

The MEL Cyber Deductible Reimbursement program is a *reimbursement* program whereby the member is reimbursed for deductible amounts actually spent by the member.

3. Grandfather

All members in compliance with version 1 of the MEL Cyber Risk Management Program as of 3/5/2021 will receive grandfathered status until January 1, 2022. At such point in time, those grandfathered members will members not grandfathered must comply with version 2 as of 3/8/2021.

MSI LIVE

MSI LIVE features real-time, instructor-led classes and virtual classes. Experienced instructors provide an interactive experience for the attendee on a broad spectrum of safety and risk control topics. Most MSI LIVE offerings have been awarded continuing education credits for municipal designations and certifications. The MSI LIVE catalog provides a description of the course, the intended audience, and available credits.

The MSI LIVE schedule is available for registration through the MEL website at www.NJMEL.org by clicking MSI LIVE. Please register early, under-attended classes will be canceled.

To maintain the integrity of the MSI classes and our ability to offer CEUs, we must abide by the rules of the State agency that issued the designation. Chief among those rules is the attendee of the class must attend the whole session. Attendees who enter the class more than 5 minutes late or leave early will not be awarded CEUs for the class or receive a certificate of completion.

For webinars, the MSI utilizes the Zoom platform to track the time each attendee logs in and logs out. Also, we can track participation, to demonstrate to the State agency that the student also participated in polls, quizzes, and question & answer activities during the live, instructor-led webinar. The MSI maintains these records to document our compliance with the State agency.

If you need assistance using the MSI Learning Management System, please call the MSI helpline at 866-661-5120.

NOTE: We need to keep our list of MSI Training Administrators up-to-date. If there are any changes, deletions, or you need to appoint a new Training Administrator, please advise Andrea Felip afelip@iamontgomerv.com.

APPROVAL OF MINUTES: OPEN SESSION OF MARCH 22, 2021

MOTION TO APPROVE THE OPEN MINUTES OF MARCH 22, 2021

Motion: Commissioner Wolk
Second: Commissioner DiAngelo

Vote: Unanimous

CORRESPONDENCE: NONE

2021 MEL/RCF/EJIF March 26th Meeting & Retreat: The MEL, RCF and EJIF held their March meetings in conjunction with the MEL Annual Retreat on March 26, 2021. The purpose of the retreat was to provide the sub-committees of the MEL an expanded opportunity to report directly to the Boards of the MEL, RCF and EJIF; approximately 130 attended the virtual Retreat. Commissioner Wolk's reports for the MEL, RCF and EJIF meetings are attached in **Appendix II**.

In addition, MEL Attorney Fred Semrau, Esq. and MEL Consultant Matt Giacobbe, Esq. have worked together to draft bulletins concerning mandating of Covid-19 Vaccinations and Cannabis

legislation and it's impact on employment and zoning matters, as well as environmental concerns. It is important to note concerning Cannabis that municipalities <u>face deadlines</u> in addressing zoning matters. Attached in **Appendix III** are as follows:

- Bulletins on Cannabis Legislation & Modified Model Ordinance (Modification made to the LOM Model)
- E-JIF Alert on Environmental Impact of Cannabis Legislation & Checklist
- Memorandum on Vaccinations

This documentation was distributed via email on March 29th.

Risk Management Plan - Amendment — Based on the recommendation of the Fund Underwriting Manager and the MEL's Fund Attorney, the cyber coverage limits should be removed from the Plan of Risk Management. The Plan of Risk Management is posted to the Camden JIF website and could serve as an incentive for cyber hacker attacks by identifying coverage limits. Resolution # 21-15 amending the 2021 Risk Management Plan is enclosed on Page 4 for approval. Executive Director Stokes asked the Underwriting Manager Edward Cooney to review the amendment. Mr. Cooney said as with the entire MEL system any public open documents, which includes the Plan of Risk Management, are required to be posted on the Fund's website. This amendment is to redact the cyber coverage information since these documents are one of the number one information gathering targets for attackers. The MEL attorney did review this amendment and agreed the change is a good idea and is in line with regulations. With no questions or comments heard, the Executive Director recommended a motion to approved Resolution 21-15 would be in order.

MEL, Municipal Reinsurance HIF & NJCE Educational Seminar. The 10th annual seminar will be conducted virtually on 2 half day sessions: Friday, May 14th and Friday, May 21st from 9 am to 12 noon. The seminar qualifies for Continuing Educational Credits including CFO/CMFO, Public Works, Clerks, Insurance Producers and Purchasing Agents. There is no fee for employees and insurance producers associated with MEL and Municipal Reinsurance Health Insurance Fund (MR HIF) members as well as personnel who work for service companies engaged by MEL member JIFs and MR HIF member HIFs. Executive Director said please plan on joining us on these dates and encourage everyone to take a look at the topics. We anticipate 2.5 TCH credits will be available for each session for a total of 5 credits if both sessions are attended.

Attached on **Page 5** is the agenda. A Zoom invite with registration instructions have been emailed to members and is listed below.

Power of Collaboration: Enclosed on **Page 6** is the latest ad in the "Power of Collaboration" series that appears in the NJ League of Municipalities magazine. The ad highlights the MEL model policy *Addressing the Protection and Safe Treatment of Minors*.

Employment Practices Compliance Program: Please visit the MEL webpage to review all the elements of the MEL's EPL Compliance Program. Deadlines for updates and training have been extended to November 1, 2021 (from June 1, 2021). Please use the following link to view an outline of the MEL program and its model documents:

https://njmel.org/insurance/public-officials/risk-management-program/

This year, the Managers & Supervisors Training can be met by attending the Instructor-led webinar: "Protecting Children From Abuse – Managers/Supervisors". This course for Managers includes an Employment Practices component. Attached on Page 7 you will find a copy of a notice distributed to members from J.A. Montgomery on classes scheduled through September.

Executive Director said the Police Chief and Staff seminar will be in person in June in Collingswood. The Police Chief's Association felt an in person session would be okay and information will be sent shortly for the Command Staff Training.

2020/2021 Elected Officials Seminar: The MEL's Annual Elected Officials Seminar is available through the MEL Safety Institute. Enclosed on **Page 8** is another copy of the directions to take the course. The MEL will provide a credit of \$250 against each member's assessment for each municipal elected official and authority commissioner who completes the course by May 1, 2021.

The credit will continue to be extended to the member's municipal manager/administrator or authority executive director. The maximum credit is 5% of the member's assessment.

2021 Financial Disclosures - Please note the Local Finance Board has now indicated that the filing deadline has been extended until June 30th. Although we contacted members to begin their filing, we are now being advised that Commissioners should wait until the Local Finance Board releases its instruction bulletin before completing your file. If you have already filed, once the bulletin is released, you should review your filing again to make sure there weren't any changes in the process that might require you to edit your filing.

DUE DILIGENCE REPORTS – Included in the agenda were due diligence reports as follows: The Financial Fast Track, Pure Loss Ratio Report, Claims Analysis by Fund Year, Claims Activity Report, Lost Time Frequency Report, Interest Rate Summary Comparison Report, and Regulatory Compliance Report.

Executive Director reported the Financial Fast Track as January 31, 2021 stands at \$8.5 million which is an \$89,000 gain over the prior month. The Financial Fast Track as of February 28th shows a small increase of \$6,500 with an \$8.5 million surplus. The Expected Loss Ratio Analysis for

February reflects early on the actuary targeted 3.4% and the JIF is at 2%, which is a good start for this year trending as of February 28th. The Lost Time Accident Frequency for March 2021 report shows the Camden JIF at 0.93 a little above the MEL average early on and the Fund did pick up five new lost time accidents in March. It is very rare the JIF has a spike like that, but we continue to monitor moving forward. Executive Director mentioned the compliance checklist will be updated as the year progresses but as of right now the Camden JIF is 100% compliant and as noted there is one new member on the report. Executive Director thanked the Risk Managers for sending in the RMC Agreements and said if any Risk Manager still needs to send in their agreements please do so. The remainder of the reports were for informational purposes.

Treasurer's Report Made Part of Minutes.

ATTORNEY: Fund Attorney discussed a recent case from the NJ Supreme Court on the matter of Vincent Hagar vs M&K Construction decided on April 13, 2021. It is the first case in New Jersey where the workers compensation carrier for the employer was responsible for an injured employee's medical marijuana. Attorney Nardi said he consulted with Jennifer Goldstein of Medlogix and based upon a review of her records very few of the Camden JIF cases had requested reimbursement. The choices for this particular petitioner was either opioids or medical marijuana and the court quickly found in favor of the use of medical marijuana as an alternative. Attorney Nardi said this will continue to be monitored and the JIF may see some instances in future claims. Jennifer Goldstein of Medlogix said she will continue to monitor all these cases as well.

Defense Panel Attached & Report made Part of Minutes

SAFETY DIRECTOR:

Safety Director thanked the Committee for the reappointment of JA Montgomery as Safety Director. Mr. Saville reviewed the monthly reports. Mr. Saville reminded members to please send in their Safety contracts and the list of their safety meetings. Mr. Saville said the MSI website is now a lot more user friendly and easier to navigate and encouraged members to take a look if they have not been on the website lately.

Monthly Activity Report/Agenda Made Part of Minutes.

UNDERWRITING MANAGER:

The Certificate Report for the period 02/22/21 to 03/22/21 was included in the agenda on pages 30 – 32 with nine certificates issued. Executive Director said you might notice one certificate from Cherry Hill Fire District, to the Borough Collingswood and this was a great cooperative effort. Collingswood needed to repair a truck that would have cost \$6,000 to rent and Collingswood reached out the Cherry Hill Fire District and they had a spare truck that they could lend to the Borough so that literally saved thousands of dollars through that cooperative effort.

List of Certificates Made Part of Minutes.

MANAGED CARE: Managed Care Provider Jennifer Goldstein reviewed the enclosed reports for March 2021 where there was a savings of 42.12% for the month. Ms. Goldstein reported on the 2021 First Quarter Injury Review Report with 147 injuries reported with 107 requiring treatment and 44 were report only. The JIF had a total of 68 Covid related claims reported during the first quarter, which was 46% of all injuries reported. Ms. Goldstein said if any members are using

virtual urgent care or AccuMed, please call ahead before sending an employee for treatment so they are aware the town is authorizing treatment and that it is a work related injury.

Monthly Activity Report Part of Minutes.

CLAIMS ADMINISTRATOR: Chairman Mevoli said the Claims Committee held a meeting on Friday where all claims were reviewed and discussed. All members of the Committee received the PARs and Minutes that would normally be reviewed in Executive Session. A motion was requested to accept the committee's recommendation on the claims as discussed and reviewed.
